

Did you know?

It costs just 72p per day to keep an orphan off the streets

For around £20 per month, we can keep another street child safe. That's less than the cost of a meal out. Why not get a takeaway once a month rather than going to a restaurant and give us the difference instead? For just 30p per day, we can support one visit to a drop in centre for one child - giving them a few hours of safety. That's less than a packet of crisps.
