

Did you know?

Of the 250,000 to 400,000 children living on the streets of Dhaka over half are under the age of 10.

How to they survive? Well they have to beg, work or resort to crime. Reports show that most are exploited by gangs or sometimes by the very people who are supposed to be protecting them i.e. their parents. See the Restless Beings video [here](#) and see a BBC report [here](#). These children are in desperate need of help even if it is for just an hour or two a day through drop-in centres.
